

Charity Golf Day 2006

Not even the prospect of the coldest day in Melbourne this year could stop 60 passionate golfers from braving the elements to raise funds for the Murdoch Childrens Research Institute, at a charity golf day proudly hosted by The Heritage Golf and Country Club and The Sebel Heritage Yarra Valley.

Players enjoyed the opportunity to play on a world class course as well as the many on course activities such as wine tasting, massage, golfing competitions and a sumptuous gourmet BBQ.

Tired and cold but with their sense of humour still in tact, the teams arrived back at the clubhouse to watch the sun set over the Yarra Valley and reflect on the day's triumphs and the hole in one that got away. The Heritage treated guests to a delicious display of local food and wine before the winners were announced. Thank you to all players for their generous contributions and a special congratulations to Elumina, who won the overall competition.

Scorecards aside, the Murdoch Childrens was clearly the winner with more than \$17,000 raised for the institute's innovative and exciting research into conditions such as asthma, cancer, cerebral palsy, thalassaemia, adolescent depression and heart disease.

Sincere thanks to The Heritage Golf and Country Club and The Sebel Yarra Valley and event sponsors, Fenton Communications, Vintage Cellars, Coca Cola, Elumina, Sportsco, Abercromby's, Kwik Kopy and KPMG.
