

**Do you have  
lived experience of  
childhood bone marrow  
transplant?**

**Help us make  
our research  
better!**

**Join the workshop to understand more about research in childhood bone marrow transplant and provide your valuable feedback**

### **Why We Need You**

Your unique insights will refine our approach. Your feedback ensures the trial is practical, approachable, and grounded in real-world experience.

### **Why Attend?**

This is a collaboration, not just a presentation.

You'll gain:

- Plain-language overview of Adaptive Platform Trials and why they're transforming healthcare
- Inside look at trial structure and the participant journey
- Preview of an upcoming APT in paediatric bone marrow transplant

### **When and Where is the workshop?**

**Date:** March 17<sup>th</sup> 2026

**Time:** 7pm AEDT/8am GMT/9am CET/ 9pm NZDT

**Duration:** 3 hours

**Location:** Online

**Perks:** Participants will be reimbursed for their time as per our policy
